HOA 101 & Board Member Training

Ever wonder why you have a homeowners association and what the association can do for you? Join us along with Peter Muccio, Esq. of Tschetter Hamrick, Sulzer P.C. at the Swigert International School on October 9th for an hour long presentation (and BBQ) on living in a covenant controlled community. Topics will include an over- view of Association, homeowner responsibilities and architectural guidelines as well as the many benefits of being a part of association living. Keller Lowry Insurance will also discuss the different types of insurance required by Associations in Colorado. Immediately following the session for homeowners there will be another one hour session devoted to your association's board members. This session will focus on collections, governance and other strategies for leading HOA's. Anyone interested in being a board member is encouraged to attend. Please RSVP:

Phone-720-255-2990 OR info@harmonymanagemetn.biz
